AUTHORITY AND REFERENCE

Government Code section 12935(a) authorizes the Council to adopt these proposed regulations. The proposed regulations implement, interpret, and make specific section 12900 et seq. of the Government Code.

INFORMATIVE DIGEST/ POLICY STATEMENT OVERVIEW

This rulemaking action clarifies, makes specific, and supplements existing state regulations interpreting the Fair Employment and Housing Act (“FEHA”) set forth in Government Code section 12900 et seq. As it relates to housing, the FEHA prohibits harassment and discrimination because of the race, color, religion, national origin, ancestry, physical disability, mental disability, genetic information, marital status, familial status, sex, gender, gender identity, gender expression, sexual orientation, source of income, military and/or veteran status of any person, or any basis prohibited by section 51 of the Civil Code.

In compliance with the Administrative Procedure Act, the Council proposes to adopt these rules as duly noticed, vetted, and authorized regulations. The overall objective of the proposed regulations is to fix typographical and grammatical errors and provide clarity regarding compliance with the fair housing regulations. This action has the specific benefit of ensuring that tenants, prospective tenants, owners, housing providers, and other relevant individuals better understand their respective rights and obligations with regard to fair housing rights and obligations. Ultimately, the proposed action furthers the mission of the CRD by protecting Californians from housing discrimination.

The Council has determined that the proposed amendments are not inconsistent or incompatible with existing regulations. After conducting a review for any regulations that would relate to or affect this area, the Council has concluded that these are the only regulations that concern fair housing and the FEHA.

DISCLOSURES REGARDING THE PROPOSED ACTION

The Council has made the following initial determinations:

Mandate on local agencies and school districts: None.

Cost or savings to any state agency: No additional costs or savings beyond those imposed by existing law.

Cost to any local agency or school district, which must be reimbursed in accordance with Government Code sections 17500 through 17630: None.

Other nondiscretionary cost or savings imposed on local agencies: No additional costs or savings beyond those imposed by existing law.

Cost or savings in federal funding to the state: None.

Cost impacts on a representative private person or businesses: No additional costs or savings beyond those imposed by existing law. Therefore, the agency is not aware of any cost impacts that a representative private person or business would necessarily incur in reasonable compliance with the proposed action.

Results of the economic impact assessment/analysis: The Council anticipates that the adoption of the regulations will not impact the creation or elimination of jobs within the state, the creation of new businesses or the elimination of existing businesses within the state, or the expansion of businesses currently doing business within the state. To the contrary, adoption of the proposed amendments is anticipated to benefit the health and welfare of California residents and businesses and improve housing stability by clarifying and streamlining the operation of the law, making it easier for tenants, prospective tenants, owners, and housing providers to understand their rights and obligations, and reducing litigation costs for businesses. These regulations would not affect the environment.

Statewide adverse economic impact directly affecting businesses and individuals: The Council has made an initial determination that the proposed action will not have a significant statewide adverse economic impact directly affecting businesses, including the ability of California businesses to compete with businesses in other states.

Significant effect on housing costs: None.

Small Business Determination: The Council anticipates that the regulations will not create additional costs or savings beyond those imposed by existing regulations. Similarly, the Council has determined that there is no impact on small businesses as a result of this proposed action because these regulations primarily serve to clarify existing law.

Business Report: The Council has determined that the proposed regulations do not require a report to be made.

CONSIDERATION OF ALTERNATIVES

In accordance with Government Code section 11346.5(a)(13), the Council must determine that no reasonable alternative it considered or that has otherwise been identified and brought to the Council's attention would be more effective in carrying out the purpose for which this action is proposed, or would be as effective and less burdensome to affected private persons than the proposed action, or would be more cost-effective to affected private persons and equally effective in implementing the statutory policy or other provision of law.

The Council has thus far not become aware of a better alternative and invites interested persons to present statements or arguments with respect to alternatives to the proposed regulations at the scheduled hearing or during the written comment period.
